PROFILE

I'm a BTech IT student specializing in Cyber Security, with beginner-level skills in web development, including HTML, CSS, and JavaScript. My recent internship involved developing websites, which enhanced my technical skills and practical experience. Additionally, my work with a racing team has refined my teamwork and problem-solving abilities. I'm excited to leverage my growing expertise in both web development and cybersecurity to contribute effectively in the IT field.

EMPLOYMENT HISTORY

Web Developer Intern, Prodigy Infotech

Navi Mumbai
